

Organised by

6TH CONGRESS OF EUROPEAN

ORL-HNS

MILAN, OCTOBER 29 – NOVEMBER 2, 2022

PROGRAMME

DEAR COLLEAGUES, DEAR FRIENDS,

It is our great pleasure to invite you to join us for the 6th Congress of European ORL-Head & Neck Surgery, to be held in Milan, October 29 to November 2, 2022 in a face-to-face format. After a period of great difficulties marked by the pandemic, we are willing to meet you again in the best pleasant atmosphere, to share all the scientific knowledge of our specialty and to discover the latest innovations displayed by the exhibited companies.

Milan, capital of the Lombardy, is the economic hub of Italy. With its advanced infrastructures, its restaurants, hotels and the countless leisure opportunities like shopping, design and museums is among the great Italian cities where you can find rich history, art and culture. Add the city's gastronomic traditions and you will have plenty of compelling reasons to join us for the upcoming meeting.

The meeting will be held in the Milano Convention Centre, the largest convention center in Europe. The venue is located in front of the "Portello" underground station of the purple line. Just a few steps from the City life district and Corso Sempione.

The congress, organized by the Confederation of European ORL-HNS, is being built in close collaboration with the European scientific societies, the European national societies and the UEMS ORL Section & Board. Following the path taken by the 5th congress in Brussels, we aim to open again our Congress to all the Otorhinolaryngology community around the world. This time the invited countries will be Brazil, Canada, China including Hong-Kong, Egypt, Malaysia, Mexico and Qatar, but all otorhinolaryngologists are welcomed.

From the scientific committee we are organizing attractive panels, key-note lectures, instruction courses and free papers sessions, thus ensuring the strongest possible scientific programme. In the previous meeting in Brussels, special attention has been put on the interest of young colleagues, residents and young Academics, and it turned to be a great success. We will count with them again for the program design and participation, with the support of the senior counsellors of the Confederation.

As you know, it is being tough for all of us to overcome the difficulties created by the Covid-19, but we are convinced that next year we will be in a very new scenario. With the present welcome message, we invite you to come and join us in Milan. It is in our hands to ensure that the 6th Congress of European ORL-Head & Neck Surgery becomes a great scientific and social success and that it finally represents a return to normality.

See you in Milan,

Prof. Cem Meco
President,
Confederation of European ORL-HNS

Prof. Isabel Vilaseca
Scientific Chair
6th Congress of European ORL-HNS

Prof. Piero Nicolai
President,
6th Congress of European ORL-HNS

COMMITTEES

ORGANIZING COMMITTEE

Piero Nicolai (President)
Isabel Vilaseca (Chair scientific committee)

SCIENTIFIC CORE COMMITTEE

Manuel Bernal-Sprekelsen
Marco Ferrari
Ahmed Geneid
Wojciech Golusinski
Michael Kuo
Francisco Larrosa
Davide Lombardi
Cem Meco
Pietro Palma
Jan Plzák
Marc Remacle
Elisabeth V. Sjögren
Mario Turri Zaroni

PRESIDENTIAL COUNCIL

Cem Meco, President
Per Caye-Thomasen, President-Elect
Hans E. Eckel, Past President
Jan Plzák, Secretary General
Elisabeth V. Sjögren, Secretary General-Elect
Miroslav Tedla, Treasurer
Tomislav Baudoin, Treasurer-Elect
Piero Nicolai, Congress President 2022
John Russell, Congress President 2024
Manuel Bernal-Sprekelsen, Senior Counsellor
Marc Remacle, Senior Counsellor
John Fenton, UEMS-ORL Representative
Ulrik Pedersen, EBEORL-HNS Representative

OPENING TIMES & ADMISSION

REGISTRATION AREA

Saturday, October 29	13:00 – 19:00
Sunday, October 30	07:00 – 18:00
Monday, October 31	07:00 – 18:00
Tuesday, November 1	07:30 – 18:00
Wednesday, November 2	07:30 – 13:00

SPEAKERS' PREVIEW CENTRE & FACULTY LOUNGE

Saturday, October 29	13:00 – 20:00
Sunday, October 30	07:00 – 17:45
Monday, October 31	07:00 – 17:45
Tuesday, November 1	07:30 – 17:45
Wednesday, November 2	07:30 – 11:30

EXHIBITION, SOCIETY VILLAGE & POSTER LOUNGE

Saturday, October 29	19:00 – 20:00
Sunday, October 30	08:00 – 17:15
Monday, October 31	08:00 – 17:15
Tuesday, November 1	08:00 – 17:15
Wednesday, November 2	08:00 – 13:00

NAME BADGE

In case of a loss, a replacement badge will be provided against a deposit of € 120,00. If both badges are returned, the replacement fee will be reimbursed.

CONFEDERATION SOCIETY VILLAGE

The Confederation National & Subspecialty Member Societies cordially invite all CEORL-HNS participants to visit them in the Confederation Society Village. It is located in the Exhibition Area on Level 1. Stop by and learn about their numerous activities!

CME & CERTIFICATE OF ATTENDANCE

CEORL-HNS 2022 has been granted 25 European CME credits (ECMEC®s) by the European Accreditation Council for Continuing Medical Education (EACCME®).

To claim their CME credits, delegates will receive a link to an online survey on the last day of the congress. Upon completion of the survey, personalised CME-certificates will be sent via email.

The 6th Congress of European ORL-HNS is a joint meeting with the American Academy of Otolaryngology, Head and Neck Surgery.

SUNDAY, OCTOBER 30, 2022

Room	Silver	Red 1	Red 2	Blue 1	Blue 2	Yellow 1	Yellow 2	Yellow 3
08:00-08:45	Sialendoscopy: how to start	RANS - Remote Access Neck Surgery	Rhinoplasty for beginners	Lacrimal pathways stenoses	Acute airway management in adults and children	Peri-operative care around endoscopic sinus surgery	Pharyngocutaneous fistula after total pharyngo-laryngectomy	Laryngeal electromyography: technique and indications
08:45-09:00	BREAK							
09:00-10:30	Single sided deafness	If CPAP does not work - a challenge for ENT	What's new in smell and taste disorders?		Fundamentals in paediatric otology		Deep learning applied to laryngeal evaluation	Surgical and medical frontiers in airway treatment
10:30-11:00	COFFEE BREAK							
11:00-11:30	Cochlear implants in elderly	(South Korea) New era of advanced TORS using single port robotic surgical system	Limits of endoscopic skull base surgery	The tumor microenvironment	Safe tracheostomy	Update on European position paper on rhinosinusitis and nasal polyps 2020	Surgical approaches to the frontal sinus	Bilateral congenital vocal fold paralysis: update on treatments
11:30-13:00	Neurostimulation for OSA- standard of care and future trends	Salvage surgery in head and neck oncology	Best management for adductor spasmodic dysphonia	Young ENT session Pediatric Otolaryngology	Evaluation and rehabilitation of a dizzy patient	Allergy / immunotherapy - challenges for ENT surgeons	Managing benign nasal tumors - how difficult can it be?	Limited operations, unlimited vigilance. Safe and cost-effective follow-up in TOLMS
13:00-14:30	LUNCH BREAK		Sponsor Session Sanofi I (13:15-14:15)	Confederation Advisory Board Meeting (by invitation only) (13:00-15:30)	LUNCH BREAK			Sponsor Session Medtronic (13:15-14:15)
14:30-15:00	Value-based care in Otolaryngology-Head and Neck Surgery	Paediatric neck masses: diagnostic pitfalls	Molecular genetics may explain hearing and vestibular symptoms in Ménière disease		Total laryngectomy: tips, tricks and pitfalls	Indications for biologics in CRS patients	Hypoxia inducible factors: Promising biomarkers for head and neck cancer	Subglottic intralesional steroid injections (SILS) for subglottic stenosis
15:00-16:30	Otology/Neurotology 1	Rhinology 1	Head and Neck 1		Basic ENT 1	Rhinology 2	Head and Neck 2	Laryngology 1
16:30-17:00	COFFEE BREAK							
17:00-17:45	How to perform all repositioning maneuvers in BPV	Robotic neck dissection combined with free flap reconstruction in oral cavity cancer	Airway emergencies - how to prepare	How to manage side effects from CT and IO in head and neck patients	How to write a scientific manuscript	Managing the bony dorsum	12 years' experience of the European Board Exam in ORL-HNS	Management of vocal fold scar

Room	White 1	White 2	Green 1	Green 2	Green 3	Orange 1	Orange 2	Orange 3	Turquoise 1
08:00-08:45	Endoscopic optical coherence tomography in middle ear surgery	Treatment options after CPAP failure	Transcutaneous bone conduction implants	Paediatric rhinitis/rhinosinusitis	Vestibular Schwannoma management	Experiences in digitally assisted management of voice patients	Investigations and management of smell and taste disorders	Quality of cochlear implant rehabilitation under COVID-19 conditions	(Egypt) Paediatric cochlear implantation
08:45-09:00	BREAK								
09:00-10:30	Endoscopes vs exoscopes in ear surgery	Surgery in the only hearing ear	Non-neoplastic, non-obstructive parotid gland pathologies	Broken nose - when and how to treat in children	(AAO-HNS) Diagnosis and management of Th2 mediated CRSwNP	The choice of fillers for vocal fold augmentation, what works and when?	Preservation techniques in rhinoplasty	Comorbidities among vestibular disorders	(Egypt) Guidelines in ORL practice in the developing countries
10:30-11:00	COFFEE BREAK								
11:00-11:30	Presbyvestibulopathy	The burden of the position in the role of obstructive sleep apnea	The 2022 WHO edition of salivary gland neoplasms	One sided deafness in children - what to do?	What is new in hypopharyngeal cancer management?	Management of oropharyngeal cancers	Open structural rhinoplasty	Indications for open septorhinoplasty	Transoral surgery for supraglottic carcinoma
11:30-13:00	Lasers and ear surgery	Intratympanic treatment	(MSGS-EHNS) Surgery for head and neck minor salivary gland tumors	Antibiotic treatment in upper airway infections	(AAO-HNS) Cochlear implantation: 2022 update	Skull base pathologies: choosing the best approach	Non-surgical facial rejuvenation	Invasive fungal rhinosinusitis	(South Korea) Management of vestibular schwannoma
13:00-14:30	LUNCH BREAK								
14:30-15:00	Bimodal rehabilitation & asymmetric hearing loss	Endoscopic management of vascular tumors	Facial reanimation: 25 years of experience	Office based rhinology	Workforce trends in otolaryngology	The role of microbial infection in laryngeal dysplasia	Robotics in skull base surgery	Vestibular schwannoma growth	(Malaysia) Evolving landscape of skull base surgery in Malaysia
15:00-16:30	Otology/Neurotology 2	Sleep Medicine 1	Head and Neck 3	Paediatrics 1	Otology/Paediatrics	Laryngology/Phoniatrics 1	Rhinology 3	Otology/Neurotology 3	Head and Neck 4
16:30-17:00	COFFEE BREAK								
17:00-17:45	Necrotizing otitis externa (NOE): What have we learned from clinical studies	Otoendoscopic stapes surgery	Sialendoscopy: complications	Allergic rhinitis things you have to know	Odontogenic sinusitis	Post-operative voice therapy: What do we know?	Open surgical approaches to anterior cranial base	Diagnostics in sinonasal malignancies	Modifying the voice pitch, from low to high and high to low

MONDAY, OCTOBER 31, 2022

Room	Silver	Red 1	Red 2	Blue 1	Blue 2	Yellow 1	Yellow 2	Yellow 3
08:00-08:45	Managing dysphagia in post-operated ENT patients	Prevention and management of ICA injury during endoscopic skull base surgery	Laryngeal stroboscopy	Medical vs surgical treatment of CRS	How to perform an endoscopic tympanoplasty	Sinonasal malignancies. Around the orbit	Facial paralysis: Clinical practice guideline	Dise
08:45-09:00	BREAK							
09:00-10:30	(AAO-HNS) Innovation and novel treatment paradigms in head & neck cancer 2022	Skull base reconstruction	Rhinoplasty panel - Challenging cases and learning points	Young ENT session Rhinology. Case discussion	The safe approach to major salivary gland procedure	Epistaxis/HHT - managing the challenges	Recognising vestibular disorders in children	Choanal atresia
10:30-11:00	COFFEE BREAK							
11:00-11:30	Nanoparticle therapeutics in head and neck cancer	The „Difficult to treat“ CRS patient	Stop using big tubes! A plea for sanity in airway management	TBC	The fixed arytenoid: a challenge for partial laryngeal surgery	Defining and measuring control in chronic rhinosinusitis?	Training and certification for robotic-assisted surgery	Congenital cholesteatoma
11:30-13:00	New trends in mini-invasive surgery	Skull base surgery - managing complications	T3 laryngeal cancer: which are the options?		Difficult epistaxis	Optimizing outcomes in CRSwNP	Collaboration with sister specialties	To FESS or not to FESS? When should children be operated?
13:00-14:30		Sponsor Session Olympus (13:15-14:15) OLYMPUS	Sponsor Session Sanofi II (13:15-14:15) sonofi REGENERON	(13:00-15:30) Confederation General Assembly (by invitation only)	LUNCH BREAK		Sponsor Session Stryker (13:15-14:15) stryker	
14:30-15:00	Management of septal perforations	Matching risk-adapted treatment intensity for head and neck cancer	Obliteration techniques in cholesteatoma surgery		Important landmarks in neck dissection and how to find them	Odontogenic sinusitis: update on management	Implementation of quality performance in a health care system: A 20 year experience	Atypical mycobacteria
15:00-16:30	Head and Neck 5	Otology/Neurotology 4	Otology/Neurotology 5		Basic ENT 2	Rhinology 4	Rhinology 5	Paediatrics 2
16:30-17:00	COFFEE BREAK							
17:00-17:45	Bioendoscopy of the larynx – where do we stand?	DISE: Tips, tricks and caveats. Learn how to perform DISE in your own practice	(Canada) Technological advances in otology	The RobOTO: rational and applications in cochlear implants	Laryngology: what can I do in the office?	Patient selection for rhinoplasty	Osseointegrated implants	Bacterial meningitis and hearing loss

Room	White 1	White 2	Green 1	Green 2	Green 3	Orange 1	Orange 2	Orange 3	Turquoise 1
08:00-08:45	Bilateral cochlear implantation. An update	Radiotherapy for salivary gland cancer	The management of cricopharyngeal hypertrophy and small pharyngeal pouch	Managing the professional voice from back stage and to the operating room	Current management of the unknown primary	Keylandmarks in middle fossa approach: safe, easy and fast	Spare Roof Technique A & B - why, when, how and extended indications	Petrous cholesteatoma	Paediatric airway: congenital floppiness and obstructions
08:45-09:00	BREAK								
09:00-10:30	Middle ear mechanics. Impact on middle ear surgery	Update on systemic treatments in advanced salivary gland carcinomas	Crico-tracheal resection and anastomosis	Feminization of voice: suturing, laser or open laryngoplasty?	Management of sulcus vocalis: what experience tell us?	Decision-making: larynx and hypopharynx cancer cases	Stapes surgery	Superior semicircular dehiscence syndrome	Controversies in inverting papilloma
10:30-11:00	COFFEE BREAK								
11:00-11:30	Semicircular canal dehiscence	The evolving role of sialendoscopy	Secretory otitis media. An update	Using your ear for accurate diagnosis of hoarseness	New options to adjuvant preoperative modalities	Neuromodulation of the pharyngeal airway - future trends	Revision rhinoplasty	Endoscopic management of benign sinonasal mass	Navigated Endoscopic Sinus Surgery (NESS)
11:30-13:00	Facial nerve in skull base surgery	Sialendoscopy: difficult cases, tips and tricks	Active or passive bone conduction stimulation	Debate roundtable on management of the professional voice	Make sense campaign in Europe and beyond	(AAO-HNS) Complications of sleep surgery: Lessons learned	Surgical facial rejuvenation	Complications of CRS - 21st century management	Instrumental examinations for neuromuscular diseases?
13:00-14:30	LUNCH BREAK								
14:30-15:00	Intratemporal facial nerve schwannomas	Advances in the molecular biological understanding of salivary gland cancer	Exudative lesions of the Reinke's space	New insights into the pathophysiology of benign vocal fold lesions	Evolution in head and neck reconstruction	Modified treatment strategies in PGL's of the head & neck	Preoperative assessment and risk stratification in sinonasal malignancies	Advantages in endoscopic rhinoplasty	Update on management of non-allergic rhinitis
15:00-16:30	Otology/Neurotology 6	Salivary Gland 1	Laryngology 2	Head and Neck 6	Head and Neck 7	Sleep Medicine 2	Skull Base 1	Rhinology 6	Head and Neck 8
16:30-17:00	COFFEE BREAK								
17:00-17:45	Auditory skills in young children	Salivary gland surgery: basic, step-by-step video lessons	TLM of larynx cancer according to the data of the German SUPRATOL-Study	Proximal and distal drives affecting muscle tension dysphonia and dysphagia	Neuromonitoring in thyroid surgery	Approaches to maxillary sinus	Vocal rehabilitation following total laryngectomy-tips and tricks	Brain stem implants	Advanced cutaneous SCC of the head and neck

TUESDAY, NOVEMBER 1, 2022

Room	Silver	Red 1	Red 2	Blue 1	Blue 2	Yellow 1	Yellow 2	Yellow 3
08:00-08:45	Turning your ideas into reality. Technological development in ENT	Special issues on open partial horizontal laryngectomies	How can we avoid complications in reconstructive surgery?	Frontal sinus	UEMS-ORL: clinical pearls: referred otalgia	Nasal malformations	Cartilage tympanoplasty: How I do it?	Nasal valve surgery
08:45-09:00	BREAK							
09:00-10:30	Current management of sinonasal malignancies	Debate: facial nerve monitoring. Do we need it?	Office-based laryngology: indications and challenges	Decision-making in nasal and skull-base cancer cases	Nasal airway surgery	What do we know about etiology of AOM today?	Obstructive salivary gland pathologies	Frontal sinus. Case discussion
10:30-11:00	COFFEE BREAK							
11:00-11:30	Precision Head and Neck Surgery in the Robotic Era	Cochlear implant surgery in challenging cases	Is sentinel node biopsy the standard of care in T1-T2NO oral cancer?	CSF leak repair and skull base reconstruction	Microphonosurgery - tips, tricks and pitfalls	What's new in tonsils and adenoids	Virtual reality in head and neck cancer	Septal surgery. Clinical implications of septal deformity
11:30-13:00	Revision sinus surgery	Extended indications for cochlear implantation	Unknown primary	Listen to the patient (and hear what is said)	How to perform a safe FESS	Congenital airway anomalies	(Mexico) Preservation rhinoplasty	Biologics - the answer to personalized medicine in CRS?
13:00-14:30	LUNCH BREAK			Sponsor Session Karl Storz (13:15-14:15)	LUNCH BREAK			
14:30-15:00	Olfactory training: what can be restored?	The principles of reconstruction in head and neck cancer	Assessment and management of the NO neck	Sudden hearing loss. Treatment update	UEMS-ORL: How to write an abstract and present at a meeting	Endoscopic airway stenosis repair	Chances of immune oncology in head and neck cancer	Basics in surgical technique and instrumentations for endoscopic skull base reconstruction
15:00-16:30	Rhinology 7	Otology/Neurotology 7	Head and Neck 09	Rhinology 8	Head and Neck 10	Paediatrics 3	Head and Neck 11	Rhinology 9
16:30-17:00	COFFEE BREAK							
17:00-17:45	Vascular malformations: Principles of diagnosis and treatment	Stapedectomy techniques	Laryngeal papillomatosis - from basic science to office and OR	Golden resident quiz	My patients snore - approach to OSAS in the general ENT practice	Tracheostomy in infants	Mock exam	Management of sinonasal malignancies

Room	White 1	White 2	Green 1	Green 2	Green 3	Orange 1	Orange 2	Orange 3	Turquoise 1
08:00-08:45	Bonebridge transcutaneous bone conduction implant & aural atresia	Middle fossa surgery tips and tricks	Radiology for non-neoplastic salivary gland diseases	Aerosol generation for the otorhinolaryngologist and phoniatrician, what you should know?	New options of adjuvant preoperative treatment modalities	Modern UVFP management	(Malaysia) Assessment of paediatric swallowing	Individual risk stratification in vestibular schwannoma	(Mexico) Endoscopic management of fungal rhino sinusitis
08:45-09:00	BREAK								
09:00-10:30	Immunological characterization in head and neck cancer	Residual hearing (EAONO session)	Surgery for sleep disordered breathing	Work-up and treatment planning for unilateral vocal fold paralysis	Dilemmas in temporal bone paragangliomas management	Transoral robotic surgery (TORS) in head and neck cancer	Functional septorhinoplasty current state of the art		Management of laryngopharyngeal reflux disease in 2022
10:30-11:00	COFFEE BREAK								
11:00-11:30	Mechanisms of treatment failure in HNSCC	Surgery or implantable hearing devices	Voice therapy revisited	MicroRNAs as novel prognosis biomarkers in head and neck cancer patients	Temporal bone malignancies	What is the potential clinical significance of laryngeal pacing in the future	The vast world between open structural rhinoplasty and push/let down rhinoplasty	How to decide the best treatment for head and neck cancer patients in countries with low incomes	Immunoregulation in laryngotracheal stenosis
11:30-13:00	OPHL as a surgical option for organ preservation	Secretory otitis media and middle ear ventilation	Drug-induced sleep endoscopy - new evidence?	Decision-making: oral cavity and oropharynx cancer cases	Joint Session ESBS-EAONO - Vestibular schwannoma	Paediatric unilateral vocal fold paralysis	Open rhinoplasty techniques	(Brazil) Unilateral vocal fold paralysis	Long-term dysphagia after chemo-radiotherapy
13:00-14:30	LUNCH BREAK								
14:30-15:00	Improving quality of care in surgical oncology	Skull base paraganglioma	Endoscopic management of sinonasal malignancies	Dacryocystorhinostomy and lacrimal surgery	Lateral talk or cavernous sinus lesions	Treatment of exercise-induced laryngeal obstruction	Partial and subtotal nasal reconstruction	A 25-year long evolution of organ preservation surgical treatment for cricoid chondrosarcoma	MR imaging of the temporal bone
15:00-16:30	Head and Neck 12	Otology/Neurotology 8	Paediatrics 4	Salivary Gland 2	Skull Base 2	Laryngology 3	Facial Plastics	Laryngology/Phoniatrics 2	Otology/Neurotology 9
16:30-17:00	COFFEE BREAK								
17:00-17:45	Oncologic outcomes with robotics neck dissection	20 Year's experience with eustachian tube dilatation	Nose and obstructive sleep apnea	How to read and interpret paranasal sinus CT-scans	Extended endonasal approach to petroclival region	Early oral feeding in total laryngectomy	Concomitant rhinoplasty and septal perforation closure	Around the septum	(Malaysia) Endoscopic nasopharyngectomy

WEDNESDAY, NOVEMBER 2, 2022

Room	Silver	Red 1	Red 2	Blue 1	Blue 2	Yellow 1	Yellow 2	Yellow 3
08:00-08:45	Research basis and principles in vestibular implants technology	Management of conductive hearing loss	Pearls and pitfalls in office-based laser surgery	What is new in the management of juvenile angiofibroma?	Essentials of radiology for planning of sinus and skull base surgery	Vestibular rehabilitation	Cosmetic use of Botulinum toxin: How I do it?	Clinical appraisal of mitochondrial disease and hearing loss
08:45-09:00	BREAK							
09:00-10:30	Update in cholesteatoma surgery	Manifestations of COVID-19 in the ENT area	Safe limits and indications to the TOLMS CO2 for laryngeal cancers	Young ENT session Otolaryngology. Case discussion	(Balkan Society) Challenging cases in head and neck surgery	Optimizing management of the septum and turbinates	GERD, LPR and acid. Do they impact the voice?	Septal perforation from diagnosis to treatment options
10:30-11:00	COFFEE BREAK							
11:00-11:30	Surgical facial rejuvenation and the ENT surgeon	Medical and surgical management of pediatric orbital cellulitis	Wendler's glottoplasty: experiences, challenges and technical modifications	Clinical outcomes of urgent decompression for optic neuropathy in patients with Graves' disease	The IFOS consensus guidelines for laryngopharyngeal reflux definition and diagnosis	Accuracy of clinical insertion angle predictions with a surgical planning platform for cochlear Implantation	Rhinogenic headache	Tips and tricks to avoid complications in endoscopic sinus surgery
11:30-13:00	Treatment of deafness. New expectations	Oropharyngeal dysphagia: best practice for assessment and management	Thyroid cancer nowadays	Young ENT session Head & Neck. Case discussion	Swelling in the neck: work-up and management Paralyzed vocal fold - what are my options Cholesteatoma surgery: tips, tricks and pitfalls	MRI in otology. State of the art	Transoral laser microsurgery in locally advanced laryngeal cancer	Sleep disordered breathing: challenges for rhinologists
from 13:00	Closing Ceremony							

Room	White 1	White 2	Green 1	Green 2	Green 3	Orange 1	Orange 2	Orange 3	Turquoise 1
08:00-08:45	Treatment of infections of the skull base and sigmoid sinus thrombosis	Olfaction	Microelectrodes and radiofrequency for transoral removal of supraglottic tumors	Feasibility, safety and Instructional course of transoral robotic supraglottic laryngectomy	New options in cochlear implant electrodes	Endoscopic temporal bone surgery	Psychology of rhinoplasty: assessment and application	Paediatric and revision thyroidectomy	Nasal reconstruction
08:45-09:00	BREAK								
09:00-10:30	ESBS session: malignancies of the lateral skull base	Surgery for pediatric otitis media during the COVID-19 pandemic	Prognosis and treatment of oropharyngeal cancer beyond HPV	Current management of oral cavity cancer	Research in vestibular implants. State of the art		Endonasal rhinoplasty	How can lower esophageal conditions influence oropharyngeal transit disorders?	New developments in bone conduction devices
10:30-11:00	COFFEE BREAK								
11:00-11:30	Sellar and parasellar endoscopic surgery: an update	Pseudo-hypoacusis in children	Open partial horizontal laryngectomies vs conservative treatment	Sequential treatment for organ preservation in locally advanced laryngeal and hypopharyngeal carcinomas	Drains, glues, packing: current evidence for endoscopic skull base reconstruction		Perimodiolar and lateral wall electrodes in paediatric cochlear implant		New insights into the plasticity of the olfactory systems
11:30-13:00	Malignant anterior cranial base tumors	Management of middle ear problems and hearing loss in children with cleft palate	Reconstruction in head neck cancer: an update	Thyroplasty for unilateral vocal fold paralysis - anything goes?	How can we improve treatment in the curative setting of head and neck tumors?		Nasal and facial reconstruction

OPENING CEREMONY & WELCOME RECEPTION

Saturday, October 29, 2022 from 18:00 at the MiCo

All congress delegates are invited to join us for the official congress opening ceremony, taking place in one of the session rooms.

The opening ceremony will be followed by an informal get-together in the exhibition area to mark the official opening of the exhibition. Seize this opportunity to liaise and network with your colleagues!

OFFICIAL CONGRESS EVENING

Monday, October 31, 2022 | from 20:00

Dresscode: Casual

Museo Nazionale Scienza e Tecnologia Leonardo da Vinci
Via Olona 6b - 20123 Milano

Built in 1953, the Museum is one of the largest science and technology museums in Europe, a place where you can travel through the past, present and future.

Nestled in the cloisters of a Renaissance monastery, it covers about 50,000 square meters, with the largest permanent exhibition in the world dedicated to Leonardo da Vinci engineer and humanist.

CHARITY RUN

Monday, October 31, 2022 from 06:00

Meetingpoint at MiCo

We are excited to announce the first CEORL-HNS Charity Run during our congress in Milan.

Get active and contribute to a good cause! 100% of your net registration fee will be donated to the International Committee of the Red Cross.

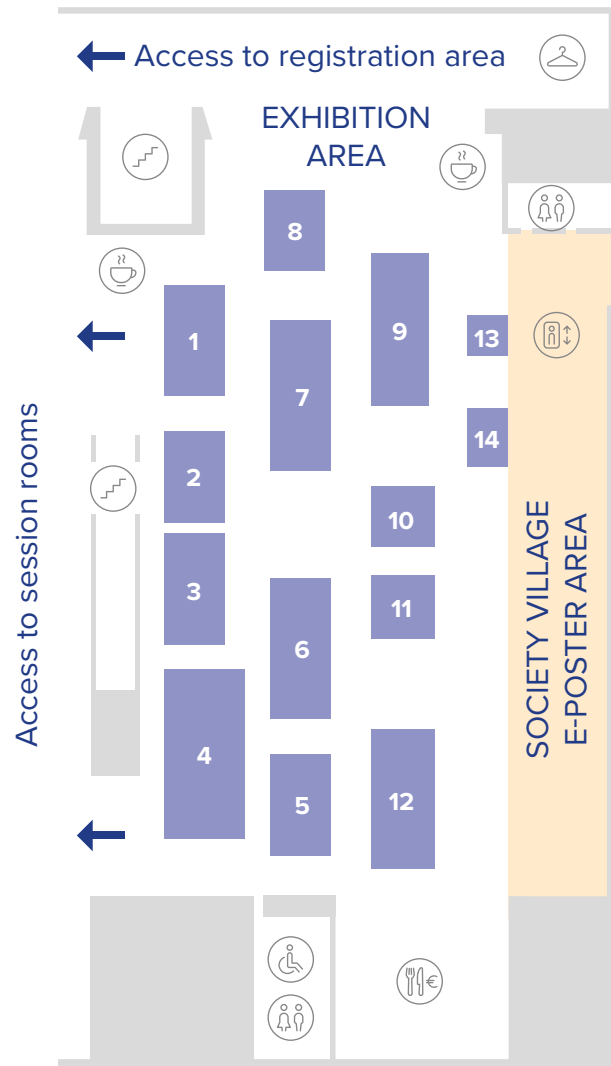

All delegates are welcome to register their friends and family who would like to join the run in Milan!

SPONSOR SESSIONS

SUNDAY, OCTOBER 30, 13:15 – 14:15

Propel® - A localized drug delivery solution for CRS: What do we know today? (Medtronic) Yellow 3

Moderator: Agnieszka Strzembosz (Switzerland)

Experience with Propel® implants in complex Frontal Sinus Disease, Hesham Saleh (UK)

My experience in endoscopic sinus surgery with Propel® implants. Jan Gosepath (Germany)

Clinical evidence and what we know today about Propel®, David Conley (USA)

Dupilumab for CRSwNP: Real-World Insights Guiding Treatment Selection (Sanofi) Red 2

Chair: Martin Wagenmann (Germany)

Faculty: Peter Valentin Tomazic (Austria), Matteo Trimarchi (Italy)

Considerations in Our Approach to CRSwNP Management

Can We Provide Our Patients With Sustained Relief? Real-World Evidence for Dupilumab

Panel Perspectives: Beyond the Data: Evolving Clinical Practice for CRSwNP

MONDAY, OCTOBER 31, 13:15 – 14:15

Move your nose out of the OR (Olympus) Red 1

Moderator: Sean Carrie (United Kingdom)

Rhinology Awake surgery: How we do it – Procedure set up, patient and procedure selection, local anesthesia tips for ENTs, Manuele Casale (Italy)

Rhinology Awake surgery: How we do it: In office turbinate reduction, sedation tips for ENTs, Jonathan Joseph (United Kingdom)

Rhinology Awake surgery: Economic value study from Campus Biomedico University in Rome, Manuele Casale (Italy)

Inflammation in Patients With Severe/Uncontrolled CRSwNP: From Targeting Type 2 Pathophysiology to Shared Clinical Decision-making (Sanofi) Red 2

Faculty: Philippe Gevaert, Eugenio De Corso

CRSwNP, Type 2 Inflammation, and Mechanisms of Action of Biologics

An Expert View: Defining CRSwNP as Severe and/or Uncontrolled, Discussing Treatment Options, and Partnering With Patients for Optimal Outcomes

Efficacy, Comparative Efficacy, Effectiveness (RWE), and Safety of Treatment Options for Patients With Severe and/or Uncontrolled CRSwNP

Optimising the application and role of navigation in ENT surgery (Stryker) Yellow 2

Chair: Anshul Sama (United Kingdom)

The evolution of navigation, Anshul Sama (United Kingdom)

Case study: Sinus and Otology, Lukas Anschutz (Switzerland)

Case study: Skull base, Valentin Favier (France)

TUESDAY, NOVEMBER 1, 13:15 – 14:15

VITOM® 3D Exoscope in ENT - How can new technologies improve clinical outcomes in transoral laryngeal and lateral skull base surgery? (Karl Storz) Red 2

Moderator: Vincent Vander Poorten (Belgium)

Speakers: Giorgio Peretti (Italy) | Daniele Marchioni (Italy)

CONGRESS REPORT MILAN 2022

Milan has been the venue for this 6th edition of the Congress of the Confederation of European Otolaryngology Head & Neck Surgery, CEORL-HNS, from the 29 October to 2 November 2022.

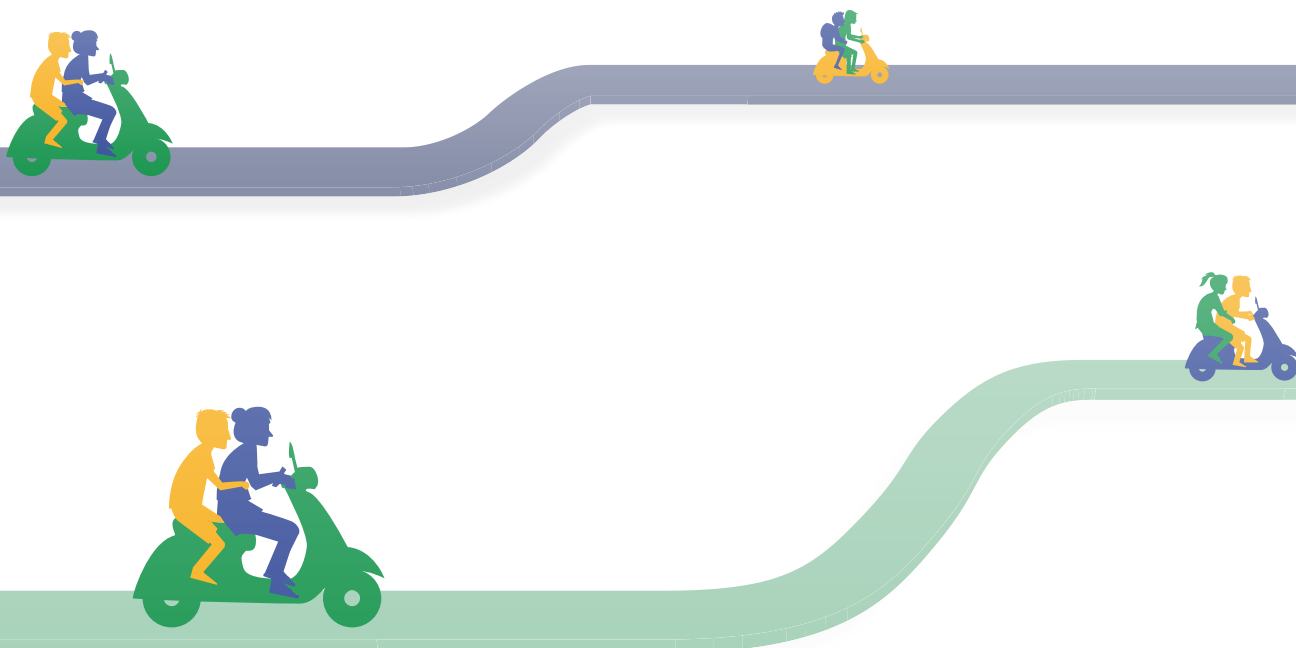

The scientific program has been a mixture of all the ENT sub-specialities, and it was a real opportunity to strengthen the international relationship on a background of a very intense and high-quality program. The president of the congress, Professor Piero Nicolai, the president of the CEORL-HNS, Professor Cem Mecocci and the chair of the scientific committee, Professor Isabel Vilaseca, have introduced some innovative changes that will almost certainly affect the next editions. Almost 3000 people from 83 different countries attended the meeting. In addition to the keynote lectures, instructional courses and round tables that were received and attended, the mentoring sessions definitely stood out!

This was a unique chance to meet, in a less formal ambient, senior colleagues and top leaders in their specialities around the world and discuss with them both professional and personal challenges in a way to build up a career. It was a great opportunity to discuss details beyond the technical aspects of being a surgeon such as personal challenges - participants felt they could close the gap and really talk “both with the man and the surgeon”!

On the other hand, this was found to be particularly interesting, not just from the young colleagues that were attending the sections, but also from the mentors who really had an opportunity to teach and educate on a broader spectrum, letting their personality to really transpire thanks to the more relaxed atmosphere present during these sections.

The opening ceremony allowed, after the break imposed by the COVID pandemic, to meritoriously recognise the winners of the Golden Medal of the European Board Exam of Otolaryngology Head & Neck Surgery, EBE-ORL (HNS), in front of all the attendees: Dr Georgios I. Garas for 2019, Dr Tobias Engert for 2021 and Dr Arnaud Lambert for 2022.

The cherry on the cake was the glamorous Italian locations of both the congressional and social events that, combined with the unusual warm weather, made the congress unforgettable and just a very pleasant moment to spend with colleagues working elsewhere, sharing experiences and reinforcing friendships.
